Success on the Step is the story of a unique group of people. They happen to be people who have done amazing things with seaplanes, people who have never wavered from the principle on which the company was founded, ?Do the right thing.? For Kenmore Air's real triumph has been demonstrating that the only truly reliable ingredients for success are honesty, integrity, and respect.

In this darkly comical look at the sinister side of our relationship with the natural world, Stewart has tracked down over one hundred of our worst entomological foes—creatures that infest, infect, and generally wreak havoc on human affairs. From the world's most painful hornet, to the flies that transmit deadly diseases, to millipedes that stop traffic, to the "bookworms" that devour libraries, to the Japanese beetles munching on your roses, Wicked Bugs delves into the extraordinary powers of six- and eight-legged creatures. With wit, style, and exacting research, Stewart has uncovered the most terrifying and titillating stories of bugs gone wild. It's an A to Z of insect enemies, interspersed with sections that explore bugs with kinky sex lives ("She's Just Not That Into You"), creatures lurking in the cupboard ("Fear No Weevil"), insects eating your tomatoes ("Gardener's Dirty Dozen"), and phobias that feed our (sometimes) irrational responses to bugs ("Have No Fear"). Intricate and strangely beautiful etchings and drawings by Briony Morrow-Cribbs capture diabolical bugs of all shapes and sizes in this mixture of history, science, murder, and intrigue that begins—but doesn't end—in your own backyard.

For the Viel and Powers families, revenge served cold is not on the menu. Fuelled by a long-standing feud between the clan patriarchs, nothing less than hot-blooded vengeance will do... When Sean is called to the bedside of his dying father in Atlanta, he never expects what is waiting for him there. In the hospital room he learns Walter, the man who raised him, isn't his father. Walter tells Sean the story about his true parents and a feud between two families, a feud that goes horribly wrong. Gregory Powers and Skipper Viel hold reign over a network of powerful Toronto business interests. For years the balance of power has remained intact. But when Powers discovers the love affair between his daughter, Jenn, and the young Marshall Viel, son of his enemy, a deadly game tips the balance. In a violent power play, he decides to have her lover killed, sending a clear signal to his nemesis, Skipper Viel. In hot-blooded retaliation, Viel arranges a hit on the Powers' family, drawing a special target on the head of Gregory Powers' most prized possession: his daughter. Rocky —trusted bodyguard and driver with a few shady connections of his own — escapes with Jenn to the presumed safety and anonymity of Lockport, New York. But no place on Earth is safe from all-out revenge. As the assassins close in, Rocky narrowly escapes with baby Sean and goes into hiding, creating a new identity. Disappearing into another world, he is able to raise Sean in peace for many years. Faced with this incredible story, Sean decides to go to Canada — out of curiosity about his family roots and a growing need for some act of revenge for the past, to seek atonement for the parents that were lost to him. What he finds when he gets there will force him to make a choice: to succumb to the path set before him by heritage, or to turn away and forego the desire for vengeance pulsing in his veins?

Advertising expenditure data across ten media: consumer magazines, Sunday magazines, newspapers, outdoor, network television, spot television, syndicated television, cable television, network radio, and national spot radio. Lists brands alphabetically and shows total ten media expenditures, media used, parent company and PIB classification for each brand. Also included in this report are industry class totals and rankings of the top 100 companies of the ten media.

FIELD & STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.
