This workbook provides exercises to help teach and build English vocabulary. It has been written both for students who are studying towards professional exams, and for those who want to improve their related communication skills. The material covers general and topic-specific vocabulary, as well as grammar and use of English, comprehension, pronunciation and spelling.

Exercises designed to develop vocabulary skills present words together with their pronunciations, definitions and use in sentences. Reissue.

"Now a major motion picture!
Includes full-color movie photos
and exclusive content!"--Dust
jacket.

This edited book focuses on affordances and limitations of e-books for early language and literacy, features and design of e-books for early language and literacy, print versus e-books in early language and literacy development, and uses of and guidelines for how to use e-books in school and home literacy practices. Uniquely, this book includes critical reviews of diverse aspects of e-books (e.g.,

features) and e-book uses (e.g., independent reading) for early literacy as well as multiple examinations of e-books in home and school contexts using a variety of research methods and/or theoretical frames. The studies of children's engagement with diverse types of e-books in different social contexts provide readers with a contemporary and comprehensive understanding of this topic. Research has demonstrated that ever-increasing numbers of children use digital devices as part of their daily routine. Yet, despite children's frequent use of e-books from an early age, there is a limited understanding regarding how those e-books are actually being used at home and school.

As more e-books become available, it is important to examine the educational benefits and limitations of different types of e-books for children. So far, studies on the topic have presented inconsistent findings regarding potential benefits and limitations of e-books for early literacy activities (e.g., independent reading, shared reading). The studies in this book aim to fill such gaps in the literature.
